Candidate supervision

Candidate supervision:

Candidates **MUST** be supervised, without access to mobile phones and all other electronics that can access the internet from the scheduled start time of the examination for a minimum of two hours, regardless of the length of the examination. This supervision can either continue in the examination venue/room or another dedicated supervision space in the school where paper-based notes are permitted.

This also includes any candidates that departed from the examination early.

Candidate supervision (Continued)

Supervision Period Guidelines:

Examination under two hours:

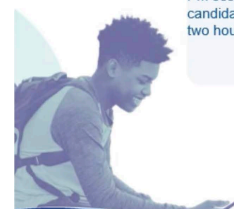

If the total examination duration (AM or PM session) is less than two hours, candidates must remain supervised until two hours have passed.

Consecutive examinations exceeding two hours:

If a candidate has two or more examinations with a combined duration exceeding two hours, and they are completed consecutively without a rest break, supervision is not required after the examinations.

Supervision Guidelines (continued):

- Candidates must be supervised during any rest break scheduled between examinations
- Students are permitted to talk to other students in the school who have completed the examination providing it is not disruptive to ongoing examinations
- Students may consult paper-based study notes while under supervision
